Mount Kilimanjaro

2010 is the year you could be standing on the rooftop of Africa at the summit of Kilimanjaro! Join Variety, the Children's Charity, helping them continue their amazing work by raising vital funds, and embark on the adventure of a lifetime!

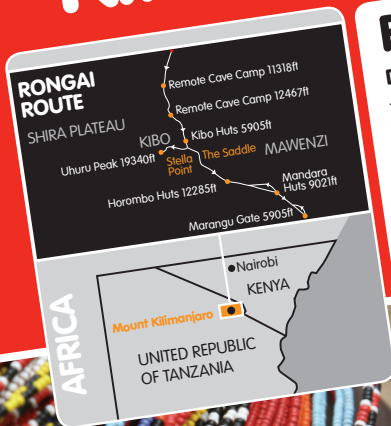

Trek Your Out for Variety 2010

Kilimanjaro is the largest freestanding mountain in the world.

Formed one million years ago Mount Kilimanjaro is a spectacular sight and an incredible trek that offers breath-taking views from the rooftop of Africa and an incomparable sense of achievement.

Our seven-day trek will take you through five different climatic zones, whilst camping under the stars at night. On the summit day we wake for "breakfast" at 11pm, eagerly anticipating a sight of that famous signpost, UHURU PEAK, Tanzania, 5895m!
